DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Frederick T. McKenzie Farm lies in an open hilly area. The house is a typical western Maryland farmhouse, a frame two-story, three bay by one bay cross-gable dwelling based on the T-plan. It faces east and has a central entrance.

The frame house rests on a stone foundation, has weatherboard siding, now covered with asbestos shingles and a gable roof covered with asphalt shingles.

A one-story, hipped-roof porch supported by four square wooden columns resting on a concrete block foundation runs across the facade.

There is a one-story enclosed shed addition on the north elevation of the "T."

Most of the windows are 1/1 sash. There is an exterior brick gable end chimney at the rear, west elevation of the "T."

The frame bank barn is located north of the house.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

This house is an example of a common western Maryland type. Houses of this general configuration, a rectangular main block and rear kitchen wing, were constructed in Garrett County from the late nineteenth through the early twentieth centuries.
